Angel,

I agree that it would be best not to send an ID team to this location. I am going to send it through the UHRC and see if we could get a HOPE/RRT team to this location tomorrow.

If anyone has any questions, please email me.

Good Afternoon Hector,

We would have to move our entire team even with LAPD and WPD present, with the very real possibility that a homeless can claim all that trash coned in as their

belongings.

From my perspective it is a waste of time and resources, this is best handled on your HE days.

Our Superintendent Russell is off today but this could very much become a legal matter with how close the trash wanting to be collected is to the HE.

I've looped in one of our Superintendents Jonelle for the final verdict.

Jonelle please advise

Thank you

Hi All,

I just checked with my team and the area that is coned off only has trash. Is there any chance it could be picked up tomorrow? Our understanding is that sites like this have been serviced in the past with no issues or complaints from the homeless folks.

Let me know your thoughts.

Best,

Good afternoon Hector,

My apologies, we can't schedule this as an illegal dump being so close to the Homeless encampment. This would fall under harassment for us towards the homeless. This would have to be a full comprehensive homeless encampment clean up.

Hi Juan,

We have several neighbors consistently submitting service requests for this area – hopefully that's helpful when communicating with Sanitation.

We've had concerns – especially this week – due to the trash/items in the street on Madison Ave. We're hoping we might be able to advocate for that to be prioritized for clean up. I'm happy to support with this in any way – what do you think a good next step would be?

Here are some of the requests for this week.
